Q&A FROM PRE-SUBMISSION MEETING/CALL

1. Regarding the "Term" (page 2); How strict is the six-month delivery date for having the aggregation tool 100% operational? **The delivery timeline will be part of the negotiation process with the successful bidder.**
2. Regarding the "Selection Process and Award Criteria" (page 4); item number three (Financial Capacity) states in the last sentence, "Letters of support from lenders the Offeror has used in the past will be weighted more heavily." Can you please further explain this? **Letters from lenders that the Offerors have used in the past will be weighted greater than letters from lenders the Offerors have not previously used (i.e. anticipating using for project financing, if applicable).**
3. Has the City received commitments from private parking operators regarding sharing data? **The City has not had any specific conversations with any potential private parking operators. However, Go Vibrant has approached the City regarding their desire to participate. It is the bidders' responsibility and they are strongly encouraged to reach out to all potential partners when developing the vision for the aggregation tool.**
