<p>Please indicate if the City of Cincinnati Visitability Standards apply:</p> <p><input type="checkbox"/> YES</p> <p><input type="checkbox"/> NO</p>		

Brief description of work:

- A copy of all **closed** Building Permit(s) and /or the final Certificate of Occupancy (C.O.) issued for the work claimed.
 - Please call the Department of Buildings and Inspections at (513) 352-3271 to obtain the closed permits or (513) 352-3267 for information regarding the Certificate of Occupancy.
 - Additional information regarding permits may be obtained at this web address: <http://cagis.hamilton-co.org>. Prior to submitting this application, please review the status of all permits on this website to ensure that each permit at the address has a status of CLOSED or FINAL.
 - New construction applications MUST submit a C.O.
 - Condominium conversions MUST have a C.O. for the individual unit.

- Total cost of improvements or new construction: \$
 - At minimum, at least \$2,500.00 in costs for a condominium or a one- or two-unit dwelling and at least \$5,000.00 in costs for a three-unit dwelling is required.

- Include documentation to support the cost of improvements. Documentation must be submitted in one of three acceptable formats:
 - 1) A notarized list identifying the general categories of the work completed, the date the work was completed, and each category's expense. A labor cost for your own work can also be included.
 - 2) The **final**, notarized affidavit of the draw payments of the construction contract. Please ensure that the affidavit includes a description of the work completed.
 - 3) Signed copy of the HUD Settlement Statement of the bank loan or the Closing Disclosure from both parties taken out for the construction costs or dwelling purchase.

APPLICATION FEE – FEE MUST BE SUBMITTED FOR EACH PROPERTY:

\$250.00 Application Fee is included. Make check, money order, or cashier's check payable to "City of Cincinnati". Please include the property address on the memo line. Cash and credit cards are not accepted. The application will not be processed until proper application fee is received. Application fee is nonrefundable.

I declare under the penalties of falsification that this application, including all enclosed documents and statements, has been examined by me, and to the best of my knowledge and belief is true, correct, and complete.

Date

Signature of Property Owner(s)

Send Application and Fee to:

City of Cincinnati
Department of Community and Economic Development
Residential Tax Abatement Program
805 Central Avenue, Suite 700
Cincinnati, Ohio 45202

PROPERTY TAX ABATEMENT INFORMATION

Please read the information on pages 3 and 4 carefully and retain for your records:

1. The City of Cincinnati Department of Community and Economic Development Community Reinvestment Area (CRA) Tax Abatement Program stimulates revitalization, retains residents, and attracts new homeowners. The program provides a benefit for residents who improve their homes and encourages home shoppers to buy in the City of Cincinnati.
2. Any homeowner in the City may be eligible for property tax abatement if they have renovated their home or purchased a newly constructed home. The home must be either a condominium or a one, two, or three unit residential structure. The period for tax abatement begins during the tax period when the improvements are added to the building valuation, although it is not applied to the property until the application date (please note that it is possible that late applications may result in lost abatement years, as residential abatements do not relate back to prior tax years). The abatement is 100% of the improvements to the property's *increased taxable value*, up to the maximum abatement value listed in the table. Taxes on the land itself or to unrelated previous improvements to the property are not included in the abatement. An application is only accepted AFTER the improvements have been made. It is important to submit the abatement application as soon as the project is complete. The abatement will be credited from the date the City receives the application without relating back to prior tax years.
3. It should be noted that some types of remodeling do not increase taxable value. Roofing, vinyl siding, windows, gutters and painting may improve the condition of the house but may not increase the taxable value of the property.
4. If your application is qualified for the program, you will receive a copy of the letter that the City sends to the Auditor when we submit your application for valuation. If your application is not qualified for the program or if we require additional materials, we will follow up within **eight weeks**. If you have not heard from the City within **eight weeks** of having submitted your application, it is your responsibility to follow up and check the status of your application. After the Auditor receives your application, further follow-up is with that office. The Hamilton County Auditor can be contacted at (513) 946-4000.
5. The Hamilton County Auditor's Office determines the abatement amount based on the type of the improvements as well as when the abatement period begins. A letter will be received from the Auditor's Office after the Auditor's appraisal has been completed. **PLEASE BE AWARE THAT THE VALUATION DETERMINATION COULD TAKE FROM SEVERAL MONTHS UP TO TWO YEARS as taxes are one year in arrears and the Auditor will hold the application until the affected tax period.**
6. Longer abatement terms and/or higher maximum abatements may be available for properties that meet Leadership in Energy and Environmental Design (LEED) standards, properties that meet City of Cincinnati Visitability Standards or properties that meet Living Building Challenge (LBC) standards. Additional information regarding obtaining LEED certification may be found on the U.S. Green Building Council website: www.usgbc.org Additional information regarding City of Cincinnati Visitability Standards is available here: <http://www.cincinnati-oh.gov/community-development/linkservid/D3BB2481-0F3F-7BB8-985D03C4F89BFE3A/showMeta/0/> Additional information regarding obtaining LBC certification: <http://living-future.org/lbc> To qualify for the increased LEED or LBC benefits, the LEED or LBC certificate MUST be included with your application. To qualify for the increased Visitability benefits, the Visitability benefit must be listed on the Certificate of Occupancy under Special Conditions.
7. As there may be a lag time between a property receiving the LEED or LBC certificate and the Certificate of Occupancy, an application may be received once the C.O. is obtained. The LEED or LBC certificate may be submitted at a later date. Recall the abatement is only credited once an application is received.
8. In order for a remodeled housing unit to be Home Energy Rating System (HERS) Qualified, an applicant must have a RESNET certified Home Energy Rater conduct an initial home energy rating before construction. If the initial HERS score is equal to or above 85, the applicant must reduce the structure's index score to at most 70. If the initial HERS score is below 85, the applicant must reduce the structure's index score by at least 20%. A subsequent home energy rating must show either of these improvements. Documentation for both the initial and subsequent scores must be submitted with the application.

8. An increase or decrease in taxes during the abatement period may result when voted changes in tax rates, state-mandated reappraisals, or updates reflecting neighborhood trends are adopted.
9. If credit is claimed in the abatement application for work that was performed without the required building permits, it will be the owners' responsibility to obtain the required permits retroactively prior to filing for the abatement. If a residential dwelling was purchased after a renovation was performed and there is no permit history to document the renovation, at minimum, a Certificate of Inspection will be required. An individual Certificate of Occupancy is required for a condominium unit conversion.
10. New tax abatement applications may be subject to an exterior inspection prior to final approval by the Department of Community and Economic Development. If building code violations are observed, the application will be denied until the deficiencies are addressed. Properties with current abatements will have their tax abatement revoked if violations are placed against the property and the violations are not resolved. Properties with current abatements that are delinquent on taxes may also have the abatement revoked.
11. Any person denied tax abatement by the Housing Officer may appeal in writing to the Community Reinvestment Area Housing Council, which shall have the right to overrule any decision of a Housing Officer. Appeals from a decision of the Housing Council may be taken to the Court of Common Pleas.
12. A \$250.00 application fee must be submitted for each application. An application will not be processed until proper application fee is received. Because the application fee offsets the administrative costs associated with processing applications, the application fee will not be returned if the application is denied.
13. City of Cincinnati Council may rescind the ordinance granting tax abatements at its discretion.
14. Ordinance No. 276-2017 passed by City Council on September 27, 2017 and effective as of October 23, 2017 outlines the maximum market improvements values and terms for various conditions included in remodeled and newly constructed housing units. See the chart below for these various maximum market improvement values and terms. All eligible projects will receive a 100% abatement on the improved building value, subject to the maximums below. City Council reserves the right to revise this ordinance at its discretion.

Construction Type	Conditions	Maximum Market Improvement Value	Term (years)
Remodeling	Non-LEED/Non-LBC Qualified	\$275,000	10
	HERS Qualified	\$275,000	12
	Certified Visitable	\$275,000	12
	HERS + Visitable	\$275,000	14
	LEED Certified	\$275,000	15
	LEED Silver	\$400,000	15
	LEED Gold or LBC Net Zero	\$562,000	15
	LEED Platinum, LBC Full, or LBC Petal (must include "Energy Petal")	No maximum	15
New Construction	Non-LEED/LBC Qualified	\$275,000	10
	Certified Visitable	\$275,000	12
	LEED Certified	\$275,000	12
	LEED Certified and Visitable	\$275,000	14
	LEED Silver	\$400,000	15
	LEED Gold or LBC Net Zero	\$562,000	15
	LEED Platinum, LBC Full, or LBC Petal (must include "Energy Petal")	No maximum	15

*Abatement limit applies to improved building value only

**Requires Energy Petal Achievement

LBC: Living Building Challenge

LEED: Leadership in Energy and Environmental Design

HERS: Home Energy Rating System
