**Dear Mr. Ogawa,**

**The CUF Neighborhood Association is pleased to support the Clifton Heights Business Association's efforts to secure funding for additional City cameras to be placed along West McMillan Street. The perception of safety has always been something we as a community have grappled with and we believe this application will help not only solve crimes when they occur, but prevent them by putting additional eyes on our streets.**

**Thank you for your consideration and please let us know if there is anything further we can provide.**

**Sincerely,**

**Nathan Hess  
President**

Dear Mr. Ogawa,

On behalf of the University of Cincinnati, I am writing to express our support for the Clifton Heights Business Association and Clifton Heights CURC's grant proposal to fund additional cameras in the Clifton Heights Business District. The area has made tremendous progress over the years and we are excited about any efforts to continue that positive momentum. As an urban university, we are cognizant of both the perception and reality relating to safety around campus and are supportive of any efforts to make our students, staff, and visitors feel safe and welcome.

Sincerely,

A handwritten signature in black ink, appearing to read 'E. David Averion'.

Mr. Brian Ogawa, Development Analyst  
Department of Community & Economic Development  
City of Cincinnati  
805 Central Avenue, Suite 700  
Cincinnati, Ohio 45202

Dear Mr. Ogawa:

I am pleased to offer Uptown Consortium, Inc.'s (UCI) support for the Clifton Heights Community Urban Redevelopment Corporation (CHCURC) grant request this year. Specifically, for the purchase of additional cameras in the thriving business district.

Founded in 2004, UCI brings local neighborhood, civic and institutional leaders together to focus on issues and opportunities related to transportation, safety, economic development, community inclusion and more. We are committed to working with and supporting our neighborhood partners who embrace the community's vision for a vibrant, diverse, and growing Uptown.

We continue to support neighborhood efforts and feel it is important to have four additional cameras covering all of Calhoun and McMillan.

With Respect,

Brooke Duncan, Community Development Manager  
Uptown Consortium, Inc.

**Subject:** Cincinnati Neighborhood Business District Improvement Program

**Date:** Tuesday, April 16, 2019 at 8:23:05 AM Eastern Daylight Time

**From:** Hageman, Nicholas

**To:** Matt Bourgeois

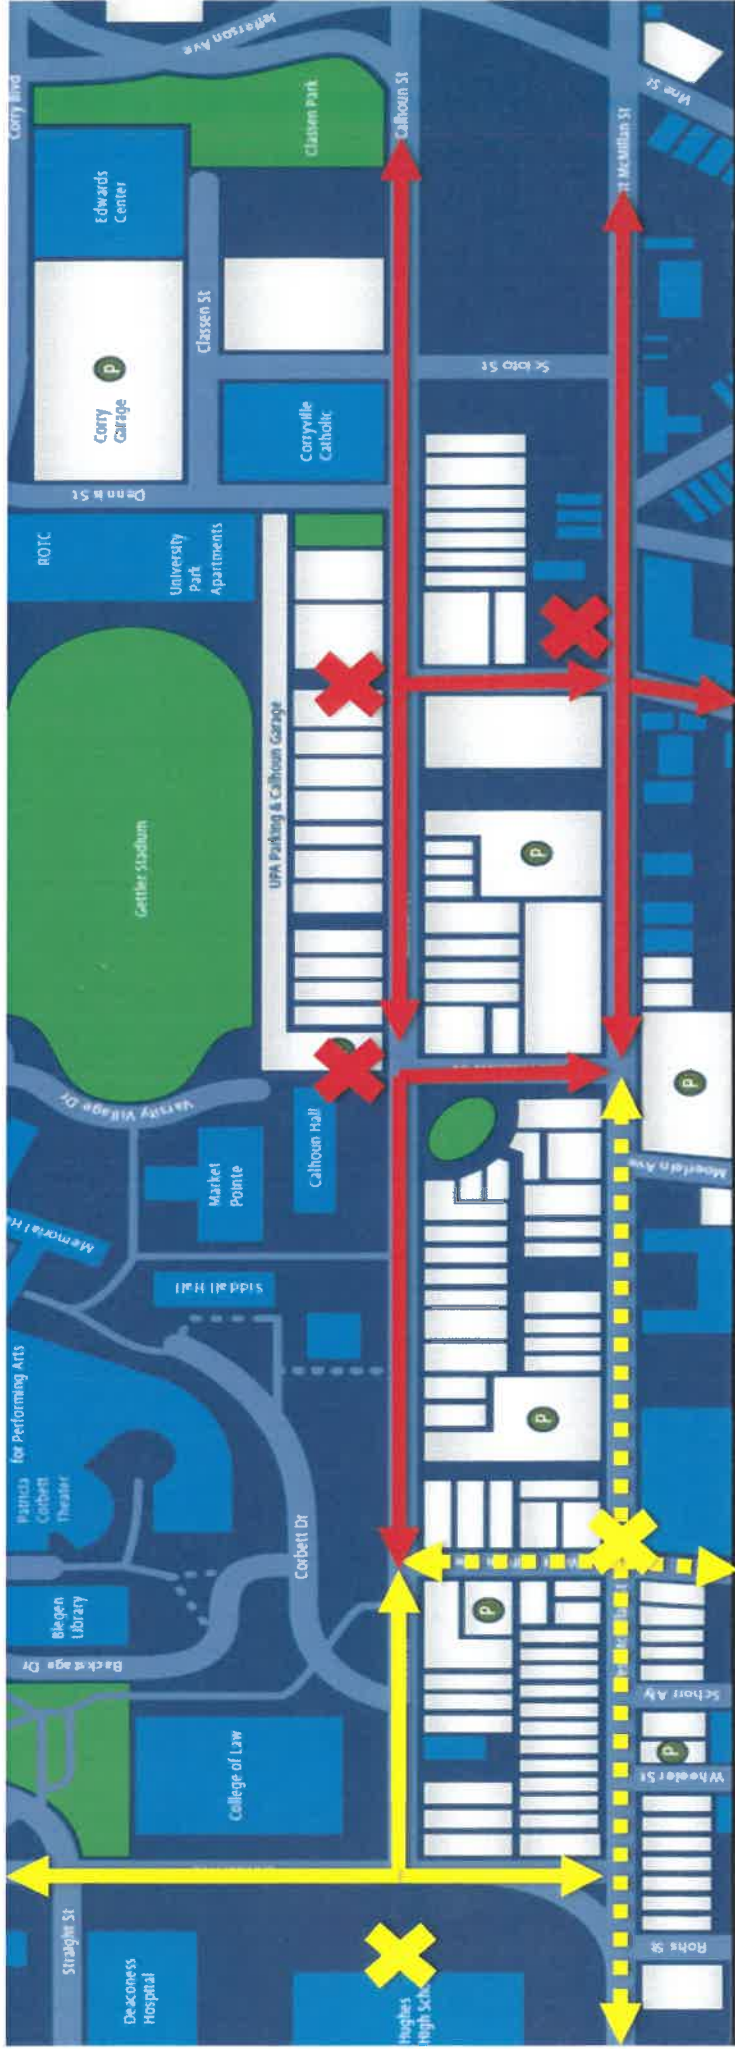

My name is Officer Nicholas Hageman and I am the District 5 Neighborhood Liaison Officer for the Clifton, University Heights, Fairview (CUF) Neighborhoods. It has been brought to my attention by neighborhood stakeholders that there is an opportunity to increase the number of cameras in the CUF Business District. Through a collaborative effort and technical planning with the city, it is believed that 4 additional cameras strategically placed would provide sufficient coverage for the area. As the Neighborhood Officer for this vibrant area, I am in full support of this improvement which will increase the safety and security for all who come to enjoy their Uptown experience.

Professionally,

Officer Nicholas Hageman  
Neighborhood Liaison Officer  
Cincinnati Police District
